

GREENSPACE LANDSCAPING

34039 Frontage Road, Bozeman, MT 59715
(406) 586-3750

Garden Services Manager

Pay: \$30-35/hr or \$60-75k per year

Company Overview:

Greenspace Landscaping is committed to delivering exceptional garden design, installation, and maintenance services. We are seeking a dedicated Garden Services Manager to lead our garden department and ensure the highest level of customer satisfaction.

Position Summary:

The Garden Services Manager will oversee the daily operations of the garden department, including supervising staff, scheduling routes, managing small garden projects, and providing top-notch customer service. This role requires strong leadership, organizational skills, and a passion for horticulture.

Key Responsibilities:

- Supervise and train garden department staff, including foremen and crew members
- Develop and implement garden designs tailored to client needs
- Prepare estimates for garden projects and oversee their execution
- Manage service contracts and ensure timely invoicing
- Collaborate with clients to address concerns and enhance satisfaction
- Help maintain nursery plant health
- Work on site with garden crews

Required Qualifications:

- Ability to work well with people!
- Strong communication skills with teammates and clients
- Ability to show up on time at 7am
- Valid driver's license with clean driving record
- Ability to work in various weather conditions, stand or sit for extended periods, and lift up to 50lbs

Preferred Qualifications:

- 2+ years experience in horticulture or a related field

- Proven leadership and project management experience
- Strong knowledge of plant identification and horticultural practices

Benefits:

- Competitive salary based on experience
- Opportunities for professional development and training
- Supportive work environment with a focus on work-life balance
- Paid time off and health insurance (year-round salaried only)

How to Apply:

- Applicants can send their resume to our General Manager at:
