### Winners of the 2015 annual Celebrating Excellence in Service and Employee of the Year Awards

The awards ceremony on Thursday, April 16 recognized all 41 individual nominees and 12 team nominees. As Terry Leist, MSU Vice President for Administration and Finance, shared with the standing room only crowd, “this year’s awardees have proven their dedication to MSU in countless ways and are deserving of recognition for their commitment to our success. We also take this opportunity to celebrate the hard work and dedication from all our faculty and staff on a daily basis.”

Eight individuals and one team were announced as winners of MSU’s 26th annual Celebrating Excellence in Service and Employee of the Year Awards.
