

# DIVE INTO REAL COLORS LEADERSHIP

Montana's local governments face challenges in preparing new leaders. Although supervisors hold some of the most critical roles in an organization, they often receive the least support.

The Montana Grown Leadership Academy (MGLA) was created to equip current and emerging leaders with the professional development needed to succeed in supervisory roles.

## WHAT ARE DEEP DIVES?

Deep Dives feature in-depth, in-person training on one key topic. Most courses also feature a month-long workplace application and a follow-up virtual session for reflection and continued growth. Topics rotate every six months, providing targeted, high-impact development based on participant needs.

## DIVE INTO REAL COLORS LEADERSHIP

This course empowers leaders to express their leadership strengths, predict what others need from them as a leader, and produce a personal leadership plan.

Participants will:

- ✓ Define leadership in a way that can be succinctly communicated to others
- ✓ Explain their personal leadership strengths by reflecting on their natural leadership preferences
- ✓ Explore, practice, and apply skills related to public speaking, listening skills, and empowering others
- ✓ Create a personal leadership plan that is a culmination of capitalizing on personal strengths and purposeful application of skills learned
