

An Overview of Teaching and Learning Technology Resources at MSU

Thursday, Sept. 12, 11:45 a.m.-1:00 p.m., SUB 233

Join us for a presentation about what teaching and learning technologies are available to faculty and students at MSU, where they can locate them, and where to get support for using them. This discussion will cover all the most frequently used tools at MSU such as D2L (Desire to Learn—the platform for distance courses), lecture capture, clickers, classroom technologies, Library resources, Help Desk support, NetIDs, and more.

Presenters: Ritchie Boyd, Academic Technology Specialist; John Usher, Extended University; Gary Parker, ITC; and Jan Zauha, MSU Library.

Lunch will be served.

Registration is required by 12:00 noon, Tuesday, Sept. 10. [Click here to register.](#)
