Happy St. Patrick's Day!

DR. TODD HENRY - PARADISE

Dr. Todd Henry is a specialist of modern Korean/East Asian history at the University of California, San Diego. Using rare footage of Seoul's only extant second-run movie house, visual archives, and historical animation, "Paradise" documents South Korea's vibrant gay underground before the solidification of democracy and the introduction of the internet in the 1990s. Along the way, it follows the pain and joy of queer citizens, whose stories appear for the first time in this empowering film of self-discovery and community building. This talk will take place March 6th, from 3:15-5:15PM in JABS 305.
