ADDENDUM NO: 01

DATE: **Friday – November 5, 2026**

PROJECT: **MSU Hamilton Hall Life Safety System Improvements** Bozeman, Montana

ARCHITECT: Mosaic Architecture, 317 N. Cruse Ave., Suite 201

TO: All plan holders of record

The above-numbered solicitation is amended as set forth below. Bidders/Offerors must acknowledge receipt of this amendment prior to the hour and date specified for receipt of bids/proposals, by completing the addendum acknowledgement on the form titled "Bid Proposal".

GENERAL QUESTIONS AND RESPONSES:

1. The successful contractor will be responsible for removing, protecting and storing (2) existing conference room tables, prior to beginning construction. The tables will have to be removed out existing exterior window opening. Contractor will be responsible for reinstalling the tables at the end of the project.
2. MSU will remove existing furniture, tv's, projection screens, projectors, copiers, etc. prior to construction. Any items left will be removed during demolition by contractor.
3. Question: Is there demolition on second floor for sewer line and plumbing tie-ins: Yes, there is some work on the 2nd floor required to connect into the existing sewer line. 2/P201 (Level 2 DWV Enlarged Plan) shows the anticipated sewer point of connection and 1/P201 (Level 2 Domestic Water Enlarged Plan) shows anticipated water points of connection.
