# SENSOR SCAVENGER HUNT

## Directions:

Use your *sensors* to search for signals!

If you find something on the list, check its box and write or draw what you found. Then circle the *sensor* you used to find it.

Signals to hunt for	What did you find?	Which sensor did you use?
<input type="checkbox"/> Something <b>red</b>		
<input type="checkbox"/> Something <b>cold</b>		
<input type="checkbox"/> Something <b>smooth</b>		
<input type="checkbox"/> Something <b>shiny</b>		
<input type="checkbox"/> Something <b>squeaky</b>		
<input type="checkbox"/> Something <b>round</b>		
<input type="checkbox"/> Something <b>yellow</b>		
<input type="checkbox"/> Something <b>sticky</b>		
<input type="checkbox"/> Something <b>hard</b>		
<input type="checkbox"/> Something <b>sweet</b>		
<input type="checkbox"/> Something <b>squishy</b>		

How many signals did you find? (Write the number)
